AUDITIONS & CASTING

Auditions are not required to enroll in the Dance program however auditions are required in order for students to be cast to choreograph or perform for productions. Auditions to choreograph and perform in fall semester productions are held during the first and second weeks of fall semester classes. Auditions for the spring semester productions are held during the last two weeks of fall semester classes.

PARTICIPATION IN PRODUCTION - 2.00 GPA REQUIRED

ACADEMIC POLICY: PRODUCTION AND STUDENT EMPLOYMENT
Academic success is a primary goal for our theatre and dance students, therefore a minimum 2.00 GPA is required for consideration of casting, assignments of production roles and for all departmental student employees.

CHOREOGRAPHER AUDITIONS & CASTING
Choreographer auditions for fall semester productions are held the first or second week of fall semester classes. Choreographer auditions for spring semester productions are held within the last few weeks of the fall semester. Students auditioning to choreograph will be expected to perform some original phrase material and submit a typed project proposal outlining initial ideas for the project *which may change*, about concept, music, number of dancers, choreographic process, costuming, etc. Upon completion and presentation, student choreographer works should maximum running time of 6 minutes and minimum running time of 4 minutes.

DANCER AUDITIONS & CASTING
Auditions to perform in fall semester productions are held during the second week of fall semester classes. Auditions to perform in spring semester productions are the last week of fall semester classes.

WHAT TO EXPECT AT DANCER AUDITIONS
Dancers should arrive early at the audition to fill out an information form, get a number and warm-up. Auditionees should come prepared with knowledge of their class, work and any other schedules that might affect availability for rehearsals and performances. Proper attire includes comfortable clothing that does not restrict movement yet allows the line of the body to be seen. Hair should be secured in a fashion that does not interfere with the student’s movement or alignment. Auditionees do not need to prepare material or wear special shoes. Featured choreographers will teach the audition group original phrase material.
WHY FRESHMAN DANCERS ARE CAST ONLY IN 1ST YEAR SHOWCASE IN THE FALL

The intent of our audition policy is to be inclusive and give opportunities to as many deserving students as possible to be cast. All 1st year dance students are cast in the showcase so that we can guarantee a role for them their 1st semester. We typically cast 30 freshmen in 4-6 dances that will be created on them by faculty and upper level students.

Our sophomores, juniors and seniors are eligible to audition for Fall Appalachian Dance Ensemble (FADE) (6-8 dances) or NC Dance Festival, (since it is a joint venture with NC Dance project, ASU only presents 3-4 "local" dances in that show). Since we have many students each fall that we are tying to get to know, we feel that the freshman get lost in the larger audition that often has over 100 students vying for roles in 9-12 dances. We typically cast half the dancers that attend this audition.

All students can audition for the student dance club concert, Momentum Showcase; their choreographer and dancer auditions will happen mid September to October. For complete information students should contact the Momentum, club president. The majority of Momentum rehearsals will be later in the semester in preparation for the January performance.

All students can audition for the Spring Appalachian Dance Ensemble; auditions are typically held in late fall. The bulk of the rehearsals will be in the spring. We really try to cast 1st year dancers wisely their first semester to help keep them active and in good academic standing. Most dancers at any level are only cast in one concert in the fall, simply to try to spread the roles around and to encourage them to keep academic standards high.

STUDENT RESPONSIBILITY WHEN AUDITIONING:

It is the student’s full responsibility to make complete disclosure of all commitments on the audition form at the time of auditions; giving incomplete or false information is a form of academic dishonesty. If a student does not make full disclosure of all commitments at the time of casting, this irresponsible behavior is grounds for replacement as it demonstrates a lack of ability to see how an individual must embrace a common standard for the good of the ensemble production.

MULTIPLE COMMITMENTS

Students are responsible for learning how to balance classes, homework, social life, jobs and rehearsal commitments. Over committing one’s self may lead to illness, injury, poor academic performance, and a diminished reputation if responsibilities are not met. Students should understand that activities carrying course credit, generally take precedence over non-credit activities, and production related commitments take precedence over extra curricular and social activities.
IF YOU ARE NOT CAST…
Although we choose choreographers and dancers with a diversity of student roles in mind, we cannot cast everyone who auditions every semester. In keeping with the practices of performing artists, it is important to remember that roles are not always divided equally. We encourage all students to talk directly with the faculty regarding casting decisions to receive feedback and make the audition process a valuable learning experience.

CHANGES IN THE CAST
In rare circumstance a change in the cast may be needed. Choreography students should discuss any potential cast replacements with the instructor before changes are made. Once a change has been made to the cast the choreographer should notify the appropriate people in the design, publicity and production areas.
PRODUCTION CONDUCT

SCHEDULING REHEARSALS
- Rehearsal schedules for program productions are agreed upon before auditions and casting.
- Students should not change their officially scheduled rehearsal days or times.
- If extenuating circumstances arise requiring a schedule change, the student must do the following:
  1) Study the schedule for each studio, talk with the cast and find an available time.
  2) Approve the change with the instructor.
  3) Upon instructor approval contact the program assistant (Holly Roark roarkhd@appstate.edu) to make the new request. Requests should be made at least one week in advance and are not guaranteed. Dance Program and faculty needs have first priority, followed by Department productions in the order of scheduled opening.
  4) Once the request has been granted notify the instructor, costume designer and lighting designer.

ATTENDANCE
A rehearsal requires the active participation of many individuals. The absence of anyone can waste the time of all the others.

- Promptness
  It is expected that everyone involved in the rehearsal or performance will be on time and prepared to begin the activity at the scheduled time.

  - If an emergency requires an absence from rehearsal it is the responsibility of the dancer or to notify the choreographer as soon as possible. Likewise if an emergency requires an absence from a technical rehearsal or performance it is the responsibility of the dancer to notify the choreographer and stage manager immediately.

  - No one should leave a rehearsal until dismissed by the choreographer.

MEETING PRODUCTION DEADLINES
Student choreographers are responsible for meeting deadlines related to costumes, publicity, lighting, sound and other production elements.
TECH WEEK AND PERFORMANCE PROTOCOL

SIGN IN: Immediately upon arrival to technical and dress rehearsal and performances all dancers should locate and initial the cast call sheet.

COSTUME & PROP CHECK
- After signing in, check costumes and props. Make sure everything is there and in performance condition.
- Do not warm up in your costume.
- Do not eat in your costume.
- During dress rehearsal and performances do not enter the house in your costume.

GREEN ROOM CONDUCT
During final rehearsals and performances the Green Room is a place for the participants in the production to wait for and prepare for their entrance or activity. It is necessary for those involved to concentrate upon their function in the production—other activities should be avoided. Keeping the Green Room clean is a responsibility of those using the Green Room. No food or drinks are allowed during dress rehearsals or performance.

PHOTO CALL
Prior to the photo call student choreographers will select 4 moments from their choreography to be photographed. In addition, student choreographers will talk with lighting and costume designers to see if there are any particular images that they may want to represent their designs. Before the photo session begins, choreographers will make a combined list of the desired shots in the order they happen within the dance and give a copy of the list to the stage manager so the appropriate lighting cues can quickly be called for each shot. The choreographer will ask the dancers to stage these moments quickly and quietly in order to keep the photo call moving and to make efficient use of the photographer’s time as well as that of the cast and crew.
COMPLIMENTARY TICKET POLICY

As an academic program, we strive to support each other’s artistic endeavors by regular attendance at all departmental productions. Therefore, whenever it is possible, all faculty, staff, and selected students (cast, crew, directors, designers and choreographers) will get 1 complimentary ticket per run of the show or concert. Due to the number of student employees (who may or may not work on a given show) and the recent budget cuts, we can no longer offer student employees complimentary tickets to each show.

* For instance, it is no longer possible to give the cast or crew complimentary tickets when large cast shows, (ex: 1st year Student Showcase) are produced in small venues such as the IG Greer Arena Theatre.

Updated and adopted 2011-12.

LOCKERS

Lockers in the Varsity Gym Dance Studies hallway are available for checkout on a first come, first serve basis with priority given to upperclassmen. RESPONSIBILITY AND WITHHELD GRADES
Students enrolled in Department of Theatre and Dance courses or enrolled in department sponsored productions are given the privilege of using Department of Theatre and Dance facilities and resources. Failure to return facilities and materials in proper condition, to the proper location on time may result in the student's grade being withheld until these requirements are met and could result in a failing grade for the course.
The **Dance Studies Program** offers a variety of additional opportunities for our students and community members to study and participate in dance and related areas. These include:

**Summer Dance Series** is a four to six weeks run of dance classes offered two to three days a week every summer. Dance teachers from ASU and local communities offer classes in a wide range of dance styles and somatic bodywork. There is no fee or registration to attend. Donations are welcome and help fund our Visiting Artist Fund and Dance Scholarship. For more information for next summer's series and to be included on Summer Dance Series email list, contact dance faculty member, Regina James at [Jamesrg@appstate.edu](mailto:Jamesrg@appstate.edu)

**Now & Next Dance Mentoring Project**: Each summer the Dance Studies program hosts the Now & Next Dance Mentoring Project that offers weeklong summer dance workshops that facilitate physical, artistic, and leadership development in college dancers, adolescent girls, and dance artists.

**Classical Pilates Teacher Training Program**: The dance faculty from the Department of Theatre & Dance offers a comprehensive teacher-training program in Pilates. The emphasis of the program is to produce quality teachers who are trained in the authentic, classical, style of Joseph Pilates. This unique program combines 6 hours of academic coursework in Pilates with a spring/summer intensive, exams, and an apprenticeship training program.

**Performing Arts Medicine Program**: The Performing Arts Medicine program at Appalachian State University was started to provide dancers and actors with access to medical professionals trained in the specific injuries of the performing artist.
